

# PROFESSIONAL PORTFOLIO DATA VAULT

Simplify portions of your organization's most labor-intensive reporting! Now you can have a structure and process that makes reporting your demographic data and professional activities more effective, efficient, and streamlined.

## TRACK, TREND, AND REPORT DATA

### Demographic Information

This repository enables you to compile and extract data to **complete a variety of required reports** including the Demographic Data Collection Tool® (DDTC®) for Magnet®, the Organizational Demographic Form (ODF) for Pathways to Excellence®, and other demographic reports.

### Required Education Tracking

**Track, trend, and analyze** completion of internal or hospital-specific required education—regardless of discipline—including ACLS, BLS, HIPPA education, and more.

### Professional Advancement Tracking

This is a customized platform built to **support your organization's professional advancement** program and career/clinical ladders.

### Stories of Excellence

This repository houses stories of extraordinary care, excellent teamwork, and exemplary practice that support a variety of organizational self-studies. These exemplars will **support demonstrations of excellence** for Magnet®, Pathways to Excellence®, and Practice Transition Accreditation Program™ as well as other awards and accreditations.
