

Professional Portfolio Data Vault™

We offer a solution that addresses multiple areas of labor-intensive work for organizations wishing to gather a variety of data points, activities, and assessments. Our innovative data-driven **Professional Portfolio Data Vault** platform is customizable to ***your*** organization, and has particular value for organizations seeking Magnet® recognition because it supports and simplifies several ANCC® requirements including:

- ★ Demographic Data Collection Tool® (DDCT®)
- ★ Peer Feedback and Self-Appraisal
- ★ Documentation of Professional Development

This platform, powered by OnSoble, has the capability to gather demographic information, track required education completion, house individuals upload of materials needed for their professional advancement program submission, and also has a repository for stories of excellence that can be mined at a later time for Magnet® document stories.

For more information, or to schedule an online demonstration of the Professional Portfolio Data Vault please contact Gen (gguanci@chcm.com) or Marky (mmedeiros@chcm.com).
